HOW TO RAISE \$100 MILLION FROM \$260,000 FOR PROJECT FUNDING

DISCLAIMER: The funding techniques I am about to show you in this article is nothing new, they are private transactions that are not common public knowledge. They have been used by the top 25 banks within their Corporate, Investment and private banking divisions for decades as the main method of funding.

The Cumulative Outcome of this article is combining our SBLC Trade Program, Private Placement Program with the purchase of banking instruments; Stand by Letter Of Credit (SBLC) and Bank Guarantee from a top 25 Bank.

The numbers may shock you but the process, timeline, figures and examples below are accurate, achievable, include costs, and are not exaggerated or embellished in any way! **These are Real Programs that deliver Real Results for Real Investors**

BASIC EXPLANATIONS FIRST:

SBLC TRADE PROGRAM

Our SBLC Trade Program is generated by the Purchase of a discounted banking instrument such as Stand by Letter Of Credit (SBLC) or Bank Guarantee from a top 25 Bank.

This discounted banking instrument is then monetized at a higher price, the difference creates a **Non-recourse fund** that doesn't have to be paid back because monetized banking instrument still retains a higher value which is cashed in by the monetizer at a later date.

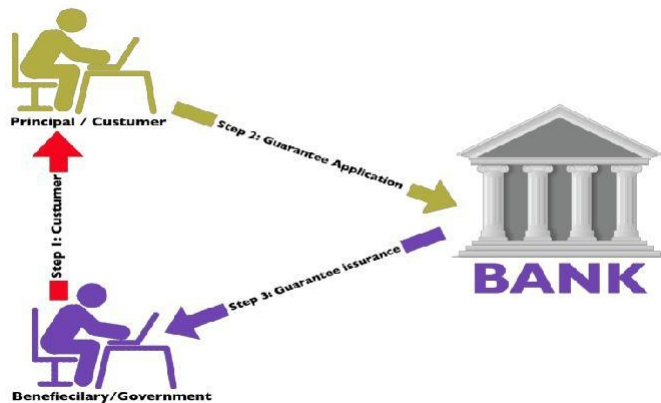

PRIVATE PLACEMENT PROGRAM

Private Placement Program (PPP) is geared towards the corporate/ high net worth clients; it involves buying and selling prime bank notes such as Medium Term Note (MTN) by arbitrage in Europe and Asia.

Private Placement Programs start from **\$25 MILLION** and return on average 30% per week (30% of \$25 MILLION = \$7.5 MILLION per week)

STAND BY LETTER OF CREDIT (SBLC)

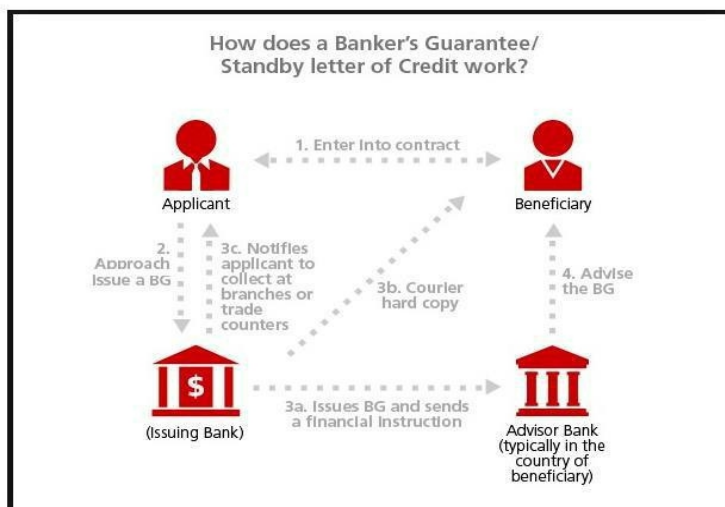

A standby letter of credit, abbreviated as SBLC, refers to a legal document where a bank guarantees the payment of a specific amount of money to a seller if the buyer defaults on the agreement.

The price of a Stand by Letter Of Credit (SBLC) is approx. **\$45 million** or 45% of the face value which on average is \$100 Million, monetization value 80% or \$80 million

The price of a Leased Stand by Letter Of Credit (SBLC) is approx. **\$12 million** or 12% of the face value which on average is \$100 Million, monetization value 55% or \$55 million

BANK GUARANTEE

A Bank Guarantee abbreviated as BG refers to a legal document which is an assurance that a bank provides to a contract between two external parties,

a buyer and a seller. The bank guarantee serves as a risk management tool for the beneficiary, as the bank assumes liability for completion of the contract should the buyer default on their debt or obligation.

The price of a Bank Guarantee (BG) is approx. **\$45 million** or 45% of the face value which on average is \$100 Million, monetization value 80% or \$80 million

The price of a Leased Bank Guarantee (BG) is approx. **\$12 million** or 12% of the face value which on average is \$100 Million, monetization value 55% or \$55 million

(30% of \$98 MILLION = \$29 MILLION per week) Note:

The time line for option 2 is approx. 6 weeks

OPTION 3

Place your \$43 MILLION NON-RECOURSE FUND into our Private Placement Programs and start receiving a return of 30% per week on average

(30% of \$43 MILLION = \$13 MILLION per week) Note:

The time line for option 3 is approx. 5 weeks

HOW TO RAISE \$100 MILLION FROM \$0 FOR PROJECT FUNDING

This is simple find a client that has \$350,000 to invest in the SBLC Trade Program

Intermediaries are paid **2.5%** when the client receives the NON-RECOURSE FUND, so if a client receives a \$15 MILLION NON-RECOURSE FUND you will receive **\$375,000**

With your \$375,000 you are now able to complete the above stages

HOW DO I GET STARTED?

If you want to get started and use the exact same process as outlined in the Case Study above for yourself AND you have **\$260,000 - \$500,000 USD** ready to invest **CONTACT US**
